ImperiumRisk

THE SAFETY OF OTHERS IS OUR PRIORITY.

SAFETY • SECURITY • INVESTIGATIONS • ARMED SECURITY • LAW ENFORCEMENT TRAINING

CAPABILITY STATEMENT

Imperium Risk, Inc. established in 2010 as an economically disadvantaged women owned small business with a full compliment of safety, security, training, and investigative services. Imperium Risk's cadre of professionals brings industry expertise, dedicated service, and sound values in our effort to provide clients the services needed in today's world.

Excelling in consulting, training, investigations, force protection design, and implementation of services provides comfort and security to our client's and their employees. Often the internal capabilities of agencies become limited by time and dollar costs, but Imperium Risk provides immediate solutions to satsify client needs. Past experience coupled with a sound understanding of industry best practices allow Imperium Risk to provide our clients the best possible solutions.

Tac Pistol I

Imperium Risk Tac Pistol courses were created to upgrade the skills of students from basic/academy level training to a performance level required to be successful in lethal confrontations today. We focus on developing firearms manipulation skills that match the individual student's biomechanics to perform with a high level of confidence and accuracy.

Topics covered will include

- Safety
- Familiarization
- Grip
- Stance
- Accuracy
- Speed
- Positions
- Barricades
- Multiple Threats
- Reloads
- Malfunctions
- Shooting on the Move
- Mindset
- Medical
- This course will enable students to continue developing and maintaining these skills through the use of clear, repeatable standards.

Required equipment:

- Serviceable Pistol
- Minimum 3 Pistol Magazines
- Pouches for Pistol Magazines
- Eye and Ear Protections
- Serviceable Holster

Packages

1 Day	200 Rounds	$200.00
2 Day	400 Rounds	$400.00

Days are typically 9-10 hours in length with a short lunch break. Certificates are given upon successful completion of the second day.

Tac Pistol II

Imperium Risk Tac Pistol II courses are designed to focus on high-risk shooting situations for critical situations. We focus on developing the skill set necessary to engage reduced or limited exposure targets accurately. These skills directly translate to the ability for students to engage in hostage rescue/active shooter incidents with confidence in their actual capability.

Topics Covered

- General refresher on the fundamentals of gun handling and marksmanship
- Zeroing/confirming zero on all optics (and iron sights if needed)
- Analysis of individual shooting techniques to maximize students' fundamentals and biomechanics
- Engagement of low-percentage targets
- Multiple targets
- Shooting on the move
- Multiple student competitions to self-induce performance stress.
- Students will understand the importance of knowing their actual capability for delivering critical hits on target and the consequences of a miss.
- This course will enable students to continue developing and maintaining these skills through the use of clear, repeatable standards.
- The students should leave the course with a firm understanding of their personal capability to make high-risk critical incident shots across a variety of distances and situations.

Required equipment:

- Serviceable Pistol
- Minimum 3 Pistol Magazines
- Pouches for Pistol Magazines
- Eye and Ear Protections
- Serviceable Holster

Packages

1 Day	200 Rounds	$200.00
2 Day	400 Rounds	$400.00

Days are typically 9-10 hours in length with a short lunch break. Certificates are given upon successful completion of the second day.

Tac Pistol Low Light

Low light or reduced light force situations are statistically the predominant settings when force is applied. Imperium Risk's low light pistol course is designed to teach students a multitude of light applications without sacrificing the ability to manipulate the firearm in the most biomechanically optimized way. We focus on marrying technics to match students' individual size, strength, and skill set allowing them to deploy white light and engage targets rapidly and accurately.

Topics covered will include

- Safety
- White Light Techniques
- WML Techniques
- Grip
- Stance
- Accuracy
- Speed
- Positions
- Barricades
- Multiple Threats
- Reloads
- Malfunctions
- Shooting on the Move
- Mindset
- Medical
- This course will enable students to continue developing and maintaining these skills through the use of clear, repeatable standards.

Required equipment:

- Serviceable Pistol
- Minimum 3 Pistol Magazines
- Handheld Light
- Preferably Weapon Mounted Light
- Pouches for Pistol Magazines
- Eye and Ear Protections
- Serviceable Holster

Packages

1 Day	200 Rounds	$200.00
2 Day	400 Rounds	$400.00

Days are typically 8 hours in length with a short dinner break. Half of the course is shot during dusk conditions transitioning to darkness. Certificates are given upon successful completion of the second day.

Red Dot Pistol Fundamentals

Imperium Risk Red Dot Pistol course was designed to provide a rapid transition from iron sits to red dot sights for experienced shooters. Pistol mounted red dot sites require slight adjustments in fundaments. The red dot course was created to upgrade the skills of students from iron sites to red dots and the performance level required to be successful in lethal confrontations today. We focus on developing firearms manipulation skills that match the individual student's biomechanics to perform with a high level of confidence and accuracy.

Topics Covered

- Red Dot Zeroing techniques, comparing zero ranges, and confirmation process.
- The draw and presentation without fishing for the dot.
- Managing information changes from iron sites to red dots. Making acceptably accurate shots at speed and distance.
- Red dot shooting techniques for up close (3-5 yards)
- Dot Tracking, utilizing fundamentals to create predictability without over confirming the dot
- Multiple Targets
- Shooting on the move
- Reloads
- Malfunctions
- Shooting on the Move
- Mindset
- Medical

Required equipment:

- Serviceable Pistol with slide mounted red dot optic
- Minimum 3 Pistol Magazines
- Pouches for Pistol Magazines
- Eye and Ear Protections
- Serviceable Holster

Packages

1 Day	200 Rounds	$200.00
2 Day	400 Rounds	$400.00

Days are typically 9-10 hours in length with a short lunch break. Certificates are given upon successful completion of the second day.

Tac Rifle

Since the North Hollywood shootout patrol rifles have become standard-issue equipment for law enforcement. The ability to create standoff distance while also increasing the accuracy and performance of the shooter are tactical advantages. The Imperium Risk Tac Rifle course is designed to provide students with the skills and confidence to engage targets throughout a variety of situations rapidly within the accuracy standards required by the situation. This course is taught with biomechanical design addressed to each specific shooter, fundamental development, and technical decision making. Students learn to fundamental development drills, managing accuracy and speed with regards to decision making, shooting on the move, and addressing targets throughout a scope of realistic scenarios.

Topics Covered

- Accuracy Fundamentals
- Body Position
- Rapid engagement
- Target Transition
- Managing Accuracy & Distance
- Multi-Targe Engagement
- Positional Shooting
- Reloads
- Malfunctions
- Shooting on the Move
- Mindset
- Medical

Required equipment:

- Semi-Auto Carbine or Battle Rifle (with sling)
- 3 Magazines
- Eye & Ear Pro
- Minimum 1 Mag Pouch on body

Packages

1 Day	200 Rounds	$200.00
2 Day	400 Rounds	$400.00

Days are typically 9-10 hours in length with a short lunch break. Certificates are given upon successful completion of the second day.

BJJ for Law Enforcement

Imperium Risk's BJJ course is designed to teach the fundamentals of Brazilian Jiu-Jitsu as a control and defense mechanism for law enforcement. The course is taught with a craw walk-run approach towards posture, position, and control leading to handcuffing. Students will learn conceptual techniques, drill them against passive resistance, drill them against active resistance, and learn effective counters to common street attacks.

Topics Covered

- Positional Control
- Takedowns
- Sweeps
- Escapes
- Striking control
- Joint locks
- Scramble techniques
- Transition to Handcuffing
- Escape from Adverse Positions

Required equipment:

- Mat room/Defensive Tactics room
- Mouth Guard
- Cup (optional)

Packages

2 Day $400.00

Days are typically 9-10 hours in length with a short lunch break. Certificates are given upon successful completion of the second day.

CQB

Imperium Risk's CQB course can be tailored for patrol or tactical team response. The CQB course teaches the fundamentals of Points of Domination clearance with exterior movements ranging from threshold clears to dynamic entry. Day three culminates in multiple simultaneous entry mission profiles to evaluate student progression.

Topics Covered

- Single, two-man, three-man, and four-man room clearance
- Threshold Evaluations
- CQB Footwork
- Structural Problem Solving
- Hallway Movement

Required equipment:

- NLTA Capable Shoothouse or secure structure
- 16 Target Stands
- NLTA rifle & 600 rounds of marker ammunition

Packages

3 Day $400.00

Days are typically 9-10 hours in length with a short lunch break. Certificates are given upon successful completion of the second day.
